MANAGE YOUR SUCCESS

SOLO Setting a new trend

It gives me great pleasure to take this opportunity to address you. These are exciting and challenging times at SOLO. India is poised to take on the world and Indian products will soon be at the forefront with the 'Make in India' movement; and SOLO is doing its part of making this happen.

Since its inception in 1997, SOLO has consistently endeavored to design and develop quality stationery products which are eons ahead of the competition. We're proud to say that today, pan India, SOLO has emerged as the preferred choice of discerning customers from multinational corporate organisations to prestigious schools and leading universities of India, and in the process become a household name.

The reason is quite obvious; SOLO's world-class range of products with unmatched quality, cutting edge technology, contemporary elegance and long lasting convenience. SOLO's impeccable range has gone beyond just files and folders. With a host of new-age, innovative and modern products that range from office accessories like paper and file trays to book & magazine racks and files; to CD covers, pen holders and desktop organizers. Add to this our interesting array of digital technology products like the Classroom Talky (Mp3/Recording) etc., we have a winning proposition ahead.

SOLO's history as an organization is full of new developments and firsts. Our launch of wide range of mechanical pencils & leads, available at all price points has helped us capture the market and highlighters from SOLO have been appreciated by one and all.

Our belief: "Quality has the same language nationally and internationally", shall continue to direct our efforts as we launch our world class range of white board & permanent markers. As always, you can expect innovative products like the 'clip-files' & folders which will be launched soon.

We stand resolute in our commitment, honesty & service to our consumers.

I would also like to this opportunity to express my gratitude to our numerous customers, retailers and distributors for making SOLO a market leader. Your continued trust and support means a lot to us. To meet the challenges ahead and fulfill all our stakeholders' expectations, we have re-imagined our company's strategic initiatives embracing sustainable business practices, focusing on enhancing customer experience, operational efficiency and people development. We're continuing to grow the business organically as well as inorganically.

The needs of society and our clients are transforming faster than we think. And we believe that if we don't move swiftly and respond accordingly, we won't be valued by society or our clients. So we are ever-transforming ourselves, taking on new challenges. We are proud of what we have achieved, but we recognise that the world in which we operate is constantly evolving and we need to adapt our thinking and behaviour accordingly, so that we stay ahead of the curve.

I would also like to thank our ever growing, all-India marketing network, because of whom SOLO product are now easily available across the length and breadth of the country, from metros to cities and towns; becoming a reputed brand to reckon against the available international brands.

Laptop Accessories

For Laptop Keyboards

Made of super soft , synthetic, transparent silicone rubber that protects your keyboard from dust & from accidental spillage of liquids. Keeps your laptop keyboard new for ever.

KS 101

Transparent, heat resistant and easily washable keyboard protector skin helps you to protect your laptop keyboard from damage even if hot tea or any liquid spills on it.

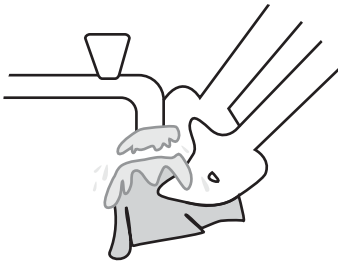

KS 102 - Xtra Large

Anti bacterial flexible skin which does not fall off even if laptop is turned upside down.

No special adhesive is required to stick to the keyboard as the skin sticks with its natural static and comes in extra large size.

Easily removable and washable skin. Just need to rinse it with water. Allow it to dry and its ready to use again. It increases the life of the keyboard by giving lifetime use.

Daily Planner

TDPB5 (176x245mm)

TDPA5 (100x210mm)

Back Cover: 1.2 mm thick cardboard
Paper: 90 tear off sheets
GSM: 80

Designed To Boost Productivity: No more forgotten deadlines or tasks! Keep track of everything exactly with space for a daily schedule and to do list, as well as an important section. The perfectly daily to do list notepad to adapt to all of your organization needs

THICK PREMIUM PAPER & Card Backing: The mighty to-do list is a work of art for many people, so we made sure each sheet was thick 80gsm non-bleed paper so you could use your favorite pen without any problems. The pad has a solid foundation with a 1.2 mm thick cardboard back to provide the required support.

UNDATED - You can start planning and organizing your daily planner whenever you need, so you will not waste any pages. Easy to tear off pages you have used, start a new fresh day of planning without any baggage.

Reflect: The planner features a section to write your achievement of the day and rate your day on a scale of your choosing. It is important to take out some time to decompress everyday and reflect on the positives and where one can improve the next day.

GSM: 140

Multi Media Sketchbook – Ideal for Wet and Dry Media like Watercolor, Acrylic, Pastel, Pencil, Charcoal, Art Marker. The speciality drawing paper can be used for sketching, painting, writing, and mixed art creations. The paper is suitable for multiple light washes

ACID-FREE & NON-FADED: Thanks to its 100% acid-free feature, the color will stay as bright and vibrant as it can be over time and will ensure a fresh surface every time you paint. The acid-free white paper also helps reduce smudges, blotches, or transfers.

Personal or Professional-Grade Use – Our sketch book can be used by kids or adults, beginner or pro artists, or DIY hobbyists and crafters. The SOLO Sketchbook satisfies all your needs.

Binding & Cover – Our mixed media sketchbooks feature a metal spiral binding, available in both portrait and landscape orientations, with a smooth flip-open hardcover to make it easier to draw with either hand, and making use of all the space on the page. A 300 GSM back hardcover provides you with all the support you will need for your artwork.
